

Dear Parent or Guardian:

The Cabrini Parish schools utilize an Integrated Pest Management (IPM) approach to control pests. IPM is a pest management system that utilizes all available and appropriate techniques to attain the goal of preventing pests from reaching unacceptable levels or to reduce an existing population to an acceptable level. Pest management techniques emphasize pest exclusion and biological controls. However, as with most pest control programs, chemical controls may also be utilized at our facility.

This notice has been provided in compliance with MCL324.8316. We are required to notify you of your right to review the IPM Plan and IPM records.

You also have the right to be informed prior to any application of an insecticide, fungicide or herbicide made in or at the school grounds or buildings during this school year, with the exception of bait or gel formulations. In certain emergencies, such as an infestation of stinging insects, pesticides may be applied without prior notice to prevent injury to students, but you will be notified following any such application.

At least 48 hours before an application, advance notification will be given by 1) posting at commonly used entrances to the facilities and 2) by posting on facility's website.

Advance notification flyers will be posted at both main school entrances facing Wick Road.

The following individual is responsible for pesticide application procedures:

Maintenance Staff      Email: kevinmces@yahoo.com

In addition to the above methods of notice, the parent/guardian may elect to receive the notice by first-class U.S. mail postmarked at least 3 days before the application. If you need prior notification, please complete the information below and mail to:

Cabrini High School, 15305 Wick Rd, Allen Park, MI 48101 and/or  
St. Frances Cabrini Elementary/Middle School, 15300 Wick Rd., Allen Park, MI 48101
