

ST. FRANCES CABRINI HIGH SCHOOL

CELEBRATING 60 YEARS

To: The Parents/Guardians of Cabrini High School Students
The Faculty of Cabrini High School

From: Donna Sweeney, Principal of Cabrini High School

Date: August 4, 2021

Subject: Management of asbestos insulation products and pesticide notice to those attending Archdiocese of Detroit Schools

As is required by the Archdiocese of Detroit, Cabrini High School has asbestos management plans prepared for our building. Accredited inspectors have checked the condition of any asbestos and have developed operations and maintenance procedures that will keep this material in good condition. These plans are available in the school/parish office.

As part of Cabrini High School's pest management program, pesticides are occasionally applied. You have the right to be informed of any pesticide application made to the school grounds of building. In certain emergencies, pesticides may be applied without prior notice, but you will be provided notice following any such application. If you need prior notification, please complete the information below and submit it to the school office:
