June 17-20 **week 3**

### Music and Art

We will create, analyze and explore artists, music and make some of our own along the way!

July 8-11 **week 5**

### Fairy Tale Jamboree

We will imagine and re-enact many familiar stories with princesses and dragons.

June 10-13 **week 2**

### Reptiles & Amphibian

We will hypothesize, investigate and research these interesting animals.

June 24-27 **week 4**

### Transportation & Safety

We will explore many modes of transportation all while remembering safety first!

July 15-18 **week 6**

### Cooking

Last year's most delicious week of camp. We will make soup, cupcakes and more all while learning to measure, weigh and write. Everyone will come home with an apron and cookbook!

Mrs. Sarah Maffesoli will be offering weekly camps again this summer. Each week will be designed to blend Science, Math and literacy skills together with summertime creativity and fun of learning. This camp is a great way to keep academics fresh and social interactions easy. Please bring a healthy snack and water each day
